

Sebastian Perez

1115 Springwood Connector, Sandy Springs, GA 30328 • sebastian_perez95@hotmail.com • 4046235082

Education

Georgia Gwinnett College
Information Technology, Software Development.

Lawrenceville, GA

Experience

WG Underground Fullstack Developer

Remote
Feb 2022– June 2024

Collaborated with a skilled team to develop a comprehensive job management application for WG Underground's construction operations.

- Created a React Native mobile app for field operators and a React web app for administrators
- Implemented backend services using Java and Spring Boot, incorporating Spring Security for robust user authentication and authorization.
- Integrated RESTful APIs to facilitate seamless data flow between mobile, web, and server components.
- Developed features for real-time job tracking, resource allocation, and automated reporting
- Contributed to the entire development lifecycle, from initial planning to deployment and maintenance.

Macy's - Revature Fullstack Developer

Remote
Aug 2020– Nov 2021

As part of a large-scale retail technology initiative, contributed to developing and integrating warehouse management systems across multiple teams.

- Built responsive web and mobile UIs for warehouse applications using React.
- Engineered Java microservices to enhance system scalability and performance.
- Led the development of a data coordination system between on-premises and cloud databases.
- Collaborated with cross-functional teams to integrate services and resolve complex technical issues.

Leadership & Entrepreneurship

Seta Solutions Founder & Fullstack Developer

Remote
Jan 2022– Current

Founded Seta Solutions to develop custom software and innovative apps. Our main product is PetPilot, a management system for veterinary practices. Both websites utilize AI technology.
